

George Ernest Montgomery

May 12, 1925 - November 27, 2011

George Montgomery Rotary Club of Calgary South June 11, 1989 - November 27, 2011

Our friend and fellow Rotarian George passed away on , November 27, 2011. George is survived by seven of his eight children, six grandchildren and one great granddaughter. Peggy, his wife of 59 years passed away August 28, 2009. Our condolences go out to George's family.

George joined our Club June 11, 1989. He was a Rotarian in Edmonton before he and Peggy moved to Calgary that year. In our Club George led the Lacombe Home Tours Committee and was instrumental in organizing the "Quadra Cyzer" hand-capped exercise machine that our Club donated to the Home in April 2002. George was justifiably proud of his years of service to the patients at the Father Lacombe Nursing Home. He was also an active bell-ringer for the Salvation Army Christmas Kettle Campaigns for several years. But George was probably best known in the Club for his leadership of the House Committee - busy organizing our weekly meetings, making sure the flags were properly displayed and assuring the meetings ran smoothly.

George enjoyed a thirty-seven year career in auto financing with General Motors Acceptance Corporation, retiring in 1985 from the position of Area Manager. He was quite proud of himself for buying a Cadillac upon his retirement! He also enjoyed golfing, curling, family get-togethers and wintering in Arizona.

He was a passionate Rotarian and an asset to his Community. He will be missed and remembered.

Rest in Peace George.
